

## “I LOVE YOU”

“I love you”; three words that are as pure as your words are truthful, and I know they are. I am convinced and anxious to pray; “O Lord; you know I love you, and I know that it is the way it is supposed to be, otherwise my life would have been, without love”, and how sad that would be?

My mind and heart, working in concert doing what is right, are in prayer to Thee, for help in doing right. Their delight in diligence as a team effort, producing “Faith and Love”, are made good and strong, and cause my love for you to grow; and for that, I am grateful; I pray for thou continued strength, in Jesus name, AMEN!

My mind and heart, adds up to a total of two. Each work twenty-four seven, and grow stronger by putting letters together. Letters make words to say, “I love you for giving your Son to the world; that in doing His Will all mankind, through love and obedience, will be blessed to live in Heaven with you. That blessing will be for an Eternity; in Jesus name, I pray. God, we love you and we Christian love each other.

God bless,
