

“NURTURE LOVE – HOW?”

The strings of love have the strongest, the highest tensile strength known to man. Love is God made. God made love-strands of ingredients intertwined in the heart of man. True; it is God-made; however, men must nurture love. No question; love must never to be made null and void. Love is free, alive and void of sin. God loves all that HE created.

God bless you,

William T. (Bill) Richardson, Jr
