

“WHAT ARE THE PRODUCTS OF A JOYFUL HEART?”

What we think we become, or it turns into our thoughts; thus, our thoughts can be vocalized or recorded in writing; that is how the joy of our heart, our reward that can be expressed. All of this, of course, is a mind-thing. Now, let us thank God for our mind. Let us use, never abuse, but continually nurture and use our minds to the glory of God. I am blessed and desire, for our thinking of, what I call a conscious warnings, which men need to flavor their mind. Do you remember (Proverbs 23:7)? It refreshes our mind to realize “... *for as he thinks in his heart (mind), so is he...*” We need to think seriously about THIS. We must become conscious to His truths; “If our mind is not properly nourished, we will become nothing, and God will “...*turn us over to a reprobate mind.*” (Romans 1:28). We are warned; now is the time to take heed and our time is running out.

Speaking to our mind feeding, there are a couple of, (let me call them, spices), that we need to realize and yes dedicate to our mind for developing the best of hearts. Number one is a joyful heart, (Psalms 100:1). A joyful heart turns out to become a dedicated and enthusiastic heart. These attributes, interest, dedication and enthusiasm, working together in one’s heart of love develops into faithfulness in doing God will. . . .

God bless,

William T. (Bill) Richardson, Jr.
