The Church and the Community

Not too long ago I was in downtown Hartselle supporting one of our local businesses. I had struck up a conversation with one of the workers and she asked me what I did for a living. I told her I was a minister at The Hartselle Church of Christ. Her response was, “Is that the big church up the hill?” I was glad she knew of us, and I proceeded to tell her a little more about us and to invite her to come to one of our services. “A light on a hill” is a phrase that has been used to describe the Hartselle Church of Christ. Sure enough, if you are downtown on Main Street in the evening and you look down Sparkman Street you will see our beautiful building up the hill with a light shining. It’s hard to miss. It’s also great symbolism for how the church should be. Just like our church’s building stands out for all to notice, our church’s actions should stand out for all to notice too. A church should be known in their community. We of course strive to be known for our commitment to Christian morals and that we are people willing to take important stands for the morality of our city. We also want to be known as a group of people who love and support our city. As a people who seek to care for the needy. A group who provides services that benefit our neighbors. This is what Jesus did. That’s why we should be excited about any chance we have to interact with our community and city in a positive way! Such as the....

Community Trunk or Treat

Coming up on Wednesday, October 29th! If it is like previous years, we expect to have a big showing from our community for this event. And a big showing from the community requires a big showing from our church family as well! I hope you make plans to come and trick or treat with your family, be a friendly face to our visitors, or to lend a helping a hand! See Mark Reynolds if you’d like to help out.
